HTML5, CSS3, SASS, JavaScript, Typescript, Vite, React, Tailwind, Material UI, React Router, React Query, Next.js, Git, Github, Firebase, Figma, Canva,

Summary

I'm Bibarta, a 14-year-old front-end developer with a passion for creating captivating interfaces. Starting at age 10, I taught myself programming and earned scholarships from leading developer platforms. I enjoy combining artistry with technical expertise to build user-friendly experiences. I am proficient in HTML, CSS, JavaScript, React, and more. Now I am seeking a full-time role to contribute to a company's success. I have passion and love for cricket and animals.

Work Experience

Frontend Developer @ Batayon

Remote, Full-time, August 2021 - Present

Batayon Library started its journey to inculcate the habit of reading books in children and adolescents, to make academic study enjoyable, to introduce students to libraries, and to provide world-class education using information technology.

- Built the website fully responsive so anyone can access from any devices
- Designed the UI/UX of a batayon in Figma
- Transformed old Batayon platform Wordpress to code
- Added many features
- Built their database
